

TRINITY21

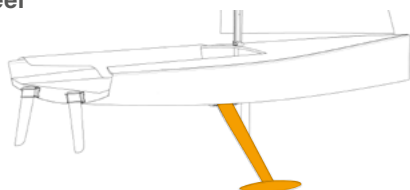

A performance sailing boat – three technologies.

TRINITY21 is the first performance sailboat to be sailed on a base optionally with:

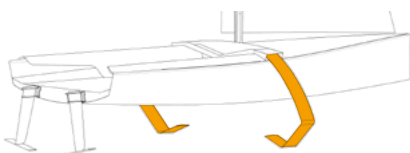

Fixed keel

Canting keel

Hydrofoils *Coming soon*

TRINITY21 can be configured freely as desired. Adapted to crew level, external conditions or regatta format, the modules can be changed in a short time. Sailing challenge and steep learning curve in any configuration included.

Lightweight construction, sufficient power and reduction to the essentials makes the TRINITY21 a challenging performance sailor – no matter which module you choose.

TRINITY21 CHALLENGE

With five starters or more, we will launch the exclusive TRINITY21 CHALLENGE pilot event.

Let's make history together!

TRINITY21 PERFORMANCE SAILING

LWL	6,4 m
LOA	8,4 m
Wide	2,4 m
Sail area	33 m ² / 89 m ²
Crew	2 bis 3

Do you have any questions, are you interested in a personal meeting and would you like to test the Trinity21?
